

Enabling a digital world

Digital Workplace Assessment

Setting the Foundations for Success

The current COVID-19 pandemic has brought into sharp focus the need for an effective digital workplace to support home and remote working and the shift in working practices that may be needed in the new normal.

A Trusted Partner

Exception has many years of experience helping organisations' envision, plan, and implement digital workplaces. Our Digital Workplace Maturity Assessment helps determine where you are on the path to a true digital workplace and helps you accelerate delivery and adoption to meet the needs of your business.

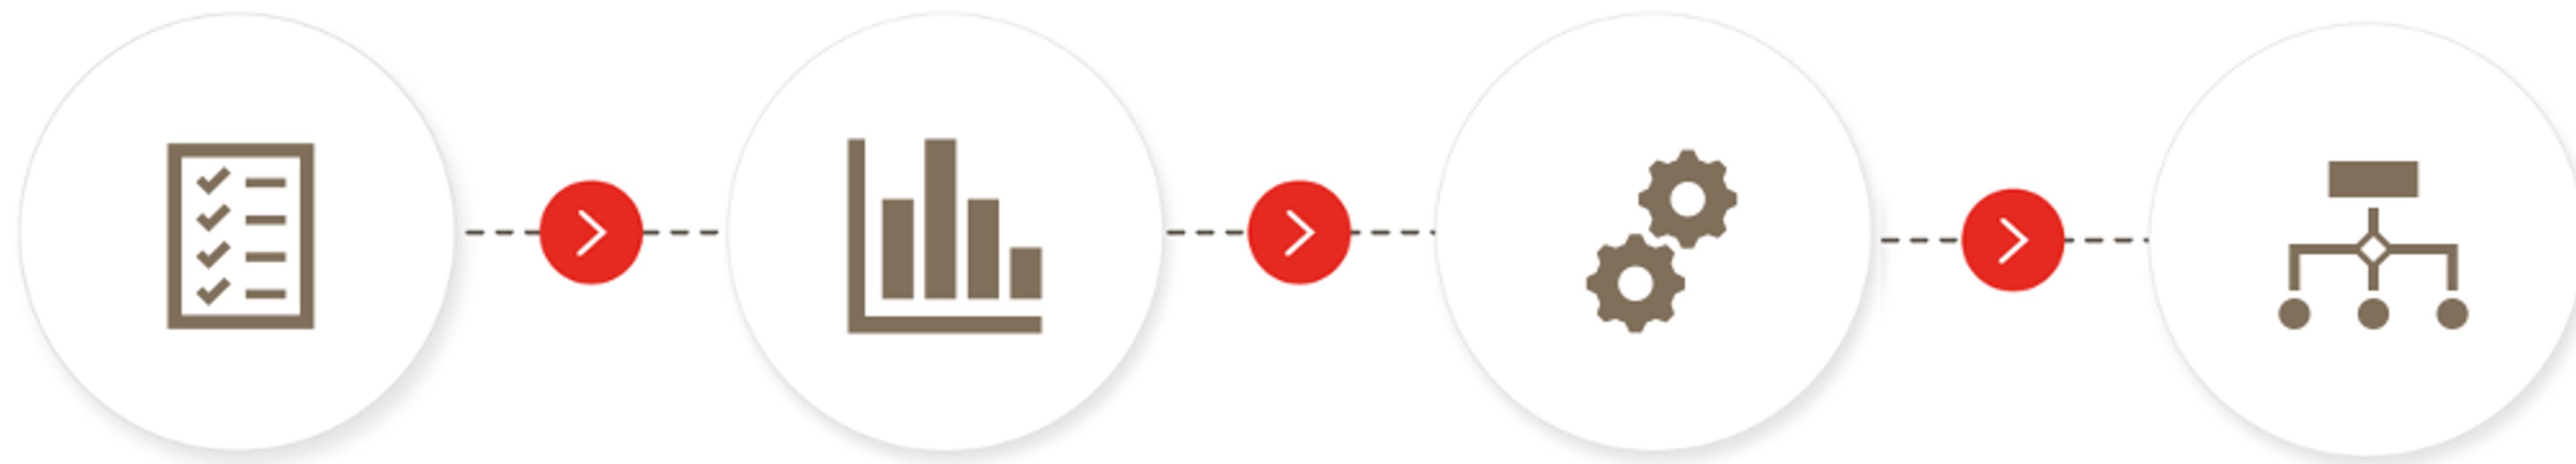

Our Process

Wherever you are on the digital workplace journey, our maturity assessment will help you establish a clearer vision of what your digital workplace needs to deliver for your business and how you can achieve it. It will align or re-align your roadmap to your business needs and determine the operating model you need to establish to effectively support your digital workplace and help drive successful adoption.

Timescale & Cost

Depending on the size and complexity of your organisation and digital workplace environment, we can complete the exercise in as little as a few weeks. Whatever your situation, we will tailor our service to your needs and the focus will be on delivering high-impact outputs and outstanding value for money.

Our Approach

Review

- > Current DW platform
- > DW ambition
- > Communication & collaboration tools
- > Information & knowledge sharing
- > Working practices

Analyse

- > Key stakeholder groups
- > Business needs
- > Peer comparison
